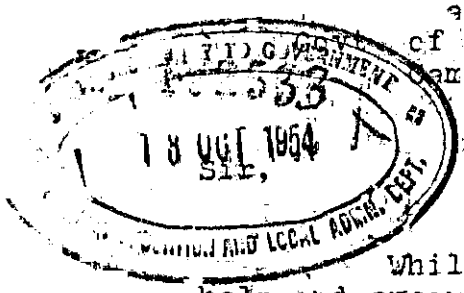
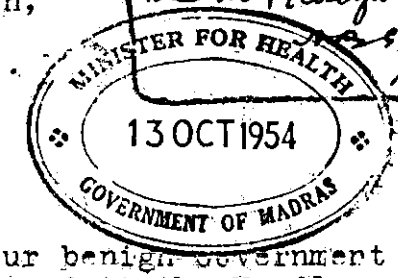
The Honourable Minister of Health
and Cooperation,
of Madras.
Camp:- Mangalore.

Sir,





While thanking your benign Government for the help and encouragement rendered to the Handloom Industry, we take this opportunity of submitting to you a sample cutting of Handloom bleached Gauze woven in our Handlooms.

We understand that at present the Government of Madras are getting the supplies of Bandage and Gauze from Jail department and also from The Rajapalyam Mills.

We submit that we are in a position to manufacture and supply Bandage and Gauze cloth according to the required specifications on our handlooms and will be able to supply the same in par with the millsprices.

At present we are supplying the Gauze and Bandage cloth to the local Dr. Miller's Charitable Institution and other few private dispensaries, but the entire production of Gauze manufactured by us is not sold out.

We therefore request your goodself to come to our rescue and kindly order the inclusion of our name in the list of approved suppliers of Gauze and Bandage cloth inorder to enable us to supply the requirement for the Government Hospitals and dispensaries run by the local bodies in the Madras State and help us to run our handloom Industry.

Awaiting your kind and favourable orders and thanking you,

Yours faithfully,

HEALTH II
